

I think I am Eligible for Colorado ASSET – Now What?

FIRST STEP: APPLY AND GET ACCEPTED TO THE PUBLIC COLLEGE YOU WISH TO ATTEND

- Colorado ASSET will only affect the *public* colleges and universities in Colorado. For a full listing of affected institutions please visit www.coloradoasset.com/colleges/.
- Go through that college's application process. The application process for ASSET students will be the same as all other students. For more help with this process please visit www/ciccollegeappmonth.org.
- Some colleges many require you to fill out an "ASSET Supplemental Application."

College counselors are also great resources for students who need help with the college application process. Talk to your current/former high school counselor and/or refer to an admissions advisor at the higher education institution you wish to apply to.

SECOND STEP: SUBMIT REQUIRED PAPERWORK AND COMMUNICATE WITH YOUR COLLEGE/UNIVERSITY

- **The college is the ultimate decider on if you are eligible for ASSET.**
- Make sure to respond to any follow-up emails for additional information quickly.
- Failure to provide all required information could result in an out-of-state classification and higher tuition.

Not sure who to contact? Please contact
Blanca E. Trejo blanca.trejo@cic.state.co.us Cell: 720-227-2072

THIRD STEP: apply for the COF – The College Opportunity Fund

- You can fill out the [paper application](#) or apply online <https://cof.college-assist.org/>.
- Once you are accepted into an institution, you will have to authorize the COF at the beginning of each term, or do a lifetime authorization (which most institutions offer).
